CERTIFICATIONS

- Google UX Design, Coursera - 2025
- Meta Front-End Developer Certificate, Coursera -2024

WORK EXPERIENCE

Sahu Technologies - Web Developer Intern Aug 2021 - Sep 2021

- Developed interactive, responsive websites using HTML, CSS, and JavaScript, following accessibility best practices for a seamless user experience across devices.
- Translated UI/UX wireframes and design mockups into functional web interfaces, aligned with modern design systems and user-centered design principles.

PROJECTS

Live Life Nursery - (E-Commerce)

- Created a full-featured eCommerce platform using Python, MongoDB, HTML, CSS, and JavaScript.
- Implemented product listings, shopping cart, secure authentication, payment integration, order management, and user reviews, enhancing user experience

Notes Web App

- Built a dynamic notes web app using HTML, CSS, JavaScript, Web APIs, and LocalStorage for offline data management.
- Implemented features like note creation, editing, deletion, and categorization with a clean, user-friendly interface.

Excel Web App

- Developed a responsive web-based Excel clone using HTML, CSS, JavaScript, LocalStorage, and APIs with features like cell editing, formulas, and data storage.
- Ensured real-time updates, cross-browser compatibility, and persistent data handling for a smooth user experience.
